GENERAL POLITICAL REVOLT HAS FAILED

Czar's Cossacks and Whips Have Crushed Strikers.

MANY UNIDENTIFIED DEAD

Strike Situation All Over the Empire Is Flattened Out—Disturbances May Break Out Fresh at Any Time—Appeal to Workmen's Patriotism.

While no further encounters between the strikers and the authorities have occurred, today's dispatches from Russian points indicate that the strike movement is spreading. At Mitau bodies of strikers marched to the shops and compelled the men, who were at wok, to leave. The Warsaw strike begun today is spreading rapidly, but without disorder. A general strike has begun at Lodz. At Moscow and St. Petersburg the authorities have the situation under control and the day has passed quietly. In the former city some men have returned to work. Advices from St. Petersburg are to the effect that the authorities regard the danger of a general tie up of Russian industries as past, and assert that the attempt to convert the movement into a political revolt has failed.

St. Petersburg, Jan. 27.—1:50 p. m.—The early reports from all over Russia indicate that the strike situation is flattening out. The authorities regard a general tying up of industries as practically over and declare that the attempt to turn them over the moment into a general political revolt has failed.

The government's promise of shorter hours of labor has been proclaimed in Moscow and other cities and Zemtvos had the effect on the workingmen. The political side of the movement is again sinking beneath the surface. When and in what form it will again break out only the future can determine. The authorities everywhere seemingly are attempting to treat the workmen whose aspirations are purely economic without harshness, and are appealing to their patriotism, by pointing out the benefit which will accrue to the Japanese by a suspension of work at the arsenals, dock yards, etc. On the other hand the authorities are putting down the revolutionists with a stern hand. The latter have again been forced to cover, meetings being almost impossible. Many foreign correspondents are flocking to find that the acute stage is past and some of them have been driven to repeating the horrible stories of Sunday, while others are indulging in the wildest inventions particularly about the intrigues and terrors prevailing at court. The latest sensational report is that the emperor and the imperial family have fled to Livadia.

Only two Russian newspapers out of the four here appeared this morning. Their accounts of Sunday's happenings are colorless and their editorials are only able with a great circumlocution to indicate the feeling of popular indignation.

The morgue still contains many unidentified dead.

The hands of some of the victims are white and on their fingers are diamond rings, the supposition being that they were liberals of gentle birth in sympathy with the strike movement who dressed up as workingmen and took part in the demonstration.

Moscow, Jan. 27.—10 a. m.—The night passed quietly. Work was resumed this morning in some of the factories of the Samoska Waretschje quarter.

The prefect has issued a proclamation declaring that the demands of the striking will be examined and satisfied within legal limits when work is resumed. The men are urged to resume their employments without delay and threatened with arrest if they attempt to incite a spread of the strike.

The master printers and newspaper proprietors at a meeting just held here resolved to act unitedly and not to increase the pay of the compositors.

Kovno, Russia, Jan. 28.—The governor in receiving a deputation of workmen today promised assistance in improving their relations with their employers. On the governor's initiative the latter met and agreed on a scheme for the amelioration of the workers' position.

A proclamation has been posted by the governor urging the strikers to resume work and promising all legitimate happiness toward sustaining a satisfactory settlement of their just demands at the same time announcing that he would have recourse to troops in the event of street disorders.

ARMIES ACTIVE IN FAR EAST

Japanese Renew Attacks Upon Russians in Manchuria.

St. Petersburg, Jan. 28.—General Kuropatkin, under date of Jan. 25, telegraphed as follows to Emperor Nicholas:

"The advance has commenced of our right flank against the enemy. We have occupied Khailalisa and Kheigoutaya."

General Kuropatkin adds:

"No details have been received of the losses at Kailaitousa, and Kelbhout yesterday which is 7 versts southwest of Sandepas. We occupied Chai-Latosa without firing, the Japanese being bayonetted. Khai-Gout-Aya was bravely defended, but we finally occupied it at 12 o'clock at night. Our troops pursued the two regiments of Japanese dragoons which fled southeastward.

"On our left flank a detachment repulsed the Japanese and occupied a defile between Khandiensan and Expansan. Another detachment sent against the enemy's flank near Hindkecheng forced the Japanese to retire, and we captured 200 cattle.

Preparing to Handle Troops.

New York, Jan. 28.—The railway between Chemulpo and Seoul is preparing to transport 20,000 Japanese troops according to a Herald dispatch from Seoul, Korea. The force is expected to come from Dalny, and, according to the correspondent, is likely to move to the northern coast, where it is rumored a campaign against Vladivostock will shortly be inaugurated.

Fighting Near Mukden.

Berlin, Jan. 28.—A dispatch from Mukden today, timed 9:15 a. m., says: "A general engagement began yesterday and continues today. Already the losses on both sides are considerable. The fighting is especially heavy at the center.

RUSSIAN STRIKERS LACK FUNDS

Big Meeting Held in Chicago by the Russians of that City.

Chicago, Jan. 28.—Such assassinations as that of Von Plehve cost money and the Russian patriots lack the funds to carry on this work, said Bronislav Slavinsky, editor of the Polish Rabotnick, a socialist paper at at a banquet for Mme. Breshkovsky, the Russian exile at the Lessing club house last night.

"Mme. Breshkovisky has been a champion of the Russian masses for more than 30 years, many of which she spent in prison," Mr. Slavinsky continued, "and she expects to see reform accomplished or fall in the struggle. The present revolution had its origin in a peaceful movement which the government of Russia would not permit to continue. There is an old Russian legend which says that "from the bones of those who perish an avenger will arise.' But we lack funds to carry on the work and appeal to all libery-loving persons to contribute as liberally as they can."

Weather Bureau Balloon Found.

Chicago, Jan. 28.—A dispatch from Evansville, Ind., says: Henry Bryant, living near Oakland City, has found a weather bureau balloon on his farm. A card attached directed the finder to send it to Blue Hill observatory, Hyde Park, Mass. In a basket attached to the balloon was a weather recording instrument with a clock. The clock was still ticking. The balloon was shipped to Hyde Park.

FOUR ARE KILLED; SEVERAL INJURED

Fatal Collision of Passenger and Freight Trains.

CRASH AWOKE PEOPLE OF TOWN

Responsibility Not Yet Placed But It Is Believed that the Freight Train Was Running on the Time of the Passenger.

Nashville, Jan. 28.—Southbound passenger train No. 3 and northbound freight train No. 14 came together Friday at midnight at the northern suburbs of Tullahoma, Tenn., with a crash that awoke many residents of the town.

The engineers and one fireman and a negro porter are known to be dead or fatally injured, their bodies being in the wreckage.

The accident was one of the most serious that ever happened on Nashville, Chattanooga and St. Louis railroad system.

No passengers were seriously so far as known.

The dead:

William Ray, engineer on passenger train No. 3, lives in Nashville.

Joe Suggs, engineer on freight train No. 14, lives in Nashville.

H. J. Suggs, on passenger train No. 3, son of the dead engineer.

John Burrell, negro porter on train No. 3.

The known injured are:

R. L. Blivins, Rogersville, not serious.

J. C. Baker, Riceville, not serious.

R. Conalls, not serious.

W. C. Todd, ankle broken.

E. Clay, Pullman porter, not serious.

F. F. Muse, of Nashville, express messenger, seriously.

J. E. Graham, not serious.

T. W. Beddow, not serious.

The accident occurred about half a mile from the depot on a straight stretch of track. The responsibility for the accident has not been placed yet. It appears, however, that the freight train was running on the time of the passenger train and the engineer was trying to make the side track north of the city. Before the freight train reached the side track the passenger train came along at a rapid rate of speed and when the crash came the two locomotives were locked together.

ASSAULT WITH INTENT TO KILL.

Is Verdict in Case Where a Bystander Was Shot by a Fighter.

St. Louis, Jan. 28.—The jury which tried Zach Mulhall, live stock agent of the St. Louis and San Francisco railroad and a well known cattleman in the southwest, charged with assault with intent to kill Ernest Morgan, found him guilty and assessed his punishment at three years' imprisonment in the pentientiary. Ernest Morgan, aged 18, was shot while watching the fight between Mulhall and Frank Reed, a cowboy at the Wildwest show of the world's fair pike, on the night of June 18.

The verdict was a surprise to both the defense and the state. Mulhall said:

"There was too much Texas in it," referring to the fact that his chief witnesses were Texas men, who were with him at the time of the shooting.

IMPORTANT NAVAL ORDER.

United State Cruiser Dixie Leave Panama for Guantanamo.

Washington, Jan. 28.—The navy department today issued the following statement:

"On Jan. 19 orders were issued to Rear Admiral Sigsbee authorizing him to send the Dixie with 200 marines from Panama to Guantanamo, where they will be held in readiness for use elsewhere.

"No other orders have been issued to the Dixie; no hurry orders of any kind and so far as the navy department knows there are no disturbances in San Domingo.

"This leaves 350 marines on the Isthmus."

TERRIBLE TRAGEDY IN FLORIDA

Man, Wife and Six Children Are Murdered and Burned.

Tampa, Fla., Jan. 28.—The little farming community of Wauchula, in Polk county, was plunged into excitement by the discovery of a crime equaling in horror that tragedy at Statesboro, Ga., last year.

The home of John Kirby, a farmer, who moved there last October from Blount county, Alabama, was found in ashes, and in the smouldering ruins were found the bodies of Kirby, his wife and four children, ranging in age from a boy of 12 to an infant of 1 year.

The whole neighborhood soon reached the scene and an investigation was made, which resulted in inevitable conclusion that the entire family had been murdered and a torch applied to the dwelling.

The skulls of each of the victims, except Mrs. Kirby, had been crushed in by some heavy weapon and each, with the exception of the woman, had evidently been murdered as they slept.

The general theory is that a party of negroes committed the crime, although no traces of the perpetrators can be found. Some believe other members of the family were murdered in bed by being knocked in the head and Mrs. Kirby was outraged and then killed by some other means.

AGED VETERAN DROPS DEAD.

Police Officers Thought Man Was Under Influence of Liquor.

Atlanta, Jan. 28.—An aged white man walking with uncertain steps along Marietta street last night about 8:30 o'clock stumbled against a door of a livery stable and fell headlong into the office. It was thought he was drunk and police officers were called in. The man was sent to the police barracks in a patrol wagon and when he reached that place he was dead.

At the barracks the man, still thought to be drunk, was taken from the wagon and laid upon the floor.

"I believe the man is dead," remarked the turnkey.

The station sergeant looked at the motionless form and said:

"He certainly looks as if he was dead."

Captain Thompson was called and after he had looked upon the body said he believed the man had breathed his last.

A physician, who chanced to enter the barracks, pronounced the man dead.

THRE HURT BY EXPLOSION.

Frozen Range Pipes Burst When Fire Is Started.

Columbus, Ga., Jan. 28.—By the explosion of the water pipes leading to a range in the kitchen of the house of Madame Joseph, three negro women were seriously injured, and the kitchen was wrecked.

The water in the pipes leading to the waterback of the range froze hard, due to the extremely cold weather, and some two hours after a fire was kindled in the range, a terrific explosion occurred.

Fragments of the pipes and waterback, as well as scalding water, were hurled all over the room. The cook and two house girls were badly scalded about the hands and arms. The cook was also cut on the head by a piece of flying metal, and her hand was badly gashed. It will be necessary to amputate one of her little fingers.

EXPECTS TO GET JUSTICE ABOVE

McCue's Declaration When Told Supplementary Appeal Was Denied.

Richmond, Va., Jan. 28.—The supreme court of appeals has denied the supplementary appeal in the appeal of ex-Mayor McCue, of Charlottesville, convicted of wife murder. He was sentenced to be hanged Jan. 20 and was respited by Governor Montague until Feb. 10.

J. Samuel McCue was informed today that the court of appeals of Virginia had refused a hearing in his case. He took the news calmly for a few minutes, and then said: "I will get justice above."

He then broke down and cried.

SWAYNE APPEARS AT BAR OF SENATE

Impeachment Trial Will Begin February 10th.

SENATOR PLATT WILL PRESIDE

Senator Bailey Wanted Trial to Commence on February 3d, But Trial Court Thought Otherwise and Adjourned Until Next Friday.

Washington, Jan. 28.—The general knowledge of the fact that Judge Swayne was to make his first appearance in the senate today in connection with the impeachment proceedings against him had the effect of attracting an exceptionally large attendance to the galleries. Inside of the bar of the senate two tables were placed, one for Judge Swayne and his counsel and the other for the house managers, each table being applied with writing material and chairs.

Pending the appearance of Judge Swayne and others connected with the trial, the senate proceeded with other business. The resolutions authorizing the use of certain vacant buildings in Washington by the national guard during the presidential inauguration, was passed.

At 1 o'clock Senator Platt (Conn.) was called to the chair. Five senators who were not present on the previous day were sworn. A message was sent to the house announcing that the senate was sitting for the trial for the impeachment.

Six of the house managers soon appeared and the proceedings of the last session of the impeachment proceedings were read:

Former Senators Anthony Higgins and John M. Thurston took seats as counsel for Swayne.

When Judge Swayne was summoned to appear at the bar of the senate Mr. Higgins responded.

Through his counsel Judge Swayne asked seven days to make answer.

An order was entered that Swayne answer on Feb. 3.

Manager Palmer offered an order that witnesses be summoned on the 10th of February and that the trial proceed on Feb. 13. Mr. Thurston suggested that the trial proceed Feb. 10.

Mr. Bailey thought the trial could proceed on Feb. 3.

Mr. Spooner said it would be undue haste to have the trial proceed on the day the answer of Judge Swayne was made.

Manager Palmer thought the time should be extended as proposed in order that all pleadings might be properly formed.

In reply to Mr. Blackburn, Manager Palmer said that he thought the time had been extended as proposed in order that all pleadings might be properly formed.

All pleadings must be submitted to the house for approval.

Mr. Fairbanks stated that he offered the order of summoning witnesses for the 10th on the understanding that the managers could not offer such order. It was agreed to and the senate, as a trial court, adjourned until next Friday at 1 o'clock.

Two Big Battleships.

The house committee on naval affairs today decided upon the naval increase program to incorporated in the naval appropriation bill providing for but two battleships. They are to be of 16,000 tons each, representing the largest type, and carrying the heaviest armament and armor. The vote by which two were adopted were 13 to 4.

Largest Diamond Ever Found.

Johannesburg, Jan. 28.—The largest diamond ever discovered has been found near Pretoria. The stone weighs 3,032 carats and is said to be a pure white diamond of good quality. It is locally valued at $2,500,000 to $3,000,000. The famous Kohinoor, valued at $600,000, weighs 123 carats, though it is said to have weighed 900 before it was cut. There is immense excitement here and at Pretoria, as a result of the discovery.

DAVIS-CLARKSON.

The Engagement of Two Popular Young People Announced.

One of the very pleasing features of the reception and tea given by Mrs. W. B. Clarkson to Miss Annie Clarkson Saturday evening, was the announcement of the engagement of Miss Clarkson to Mr. Thomas Davis of Washington, D. C. The gentleman formerly resided here and was an attache of the weather bureau. He was transferred to Washington, where he now holds an important position. The wedding is appointed for the first of March, and is being anticipated with much interest by the many friends of the young couple. During the afternoon a large number called to meet Miss Clarkson, who is an attractive young lady of a particularly striking type of beauty. She is the possessor of those traits making the ideal gentlewoman, and is admired by a host of friends for her many attractive qualities.

The receiving party was composed of the following: Mrs. W. B. Clarkson, Miss Annie Clarkson, Mrs. Susan A. Hartridge and Miss Jane McLeod. These were assisted by Mrs. W. B. Barnes, Mrs. C. M. Cooper, Mrs. W. B. Young, Mrs. William McFadden, Mrs. W. R. Rannie, Mrs. J. E. T. Bowden, Mrs. A. G. Hartridge, Miss Hattie Moody, Miss Mary Hatter, Mrs. Clifford Ross, Miss Alene Buckman, Miss Charlotte Phillips, Miss Caro Hallowes and Miss May Poage.

The Clarkson home was beautifully decorated for the occasion, and the informality that reigned was a noticeable pleasure to those in attendance. The fair honoree was unusually pretty in a dainty gown of white silk, and carried an exquisite bouquet of white hyacinths. In the dining room the decorations consisted of narcissus, white hyacinths and the usual compliment of green. In the center of the pretty table a cut glass bowl was filled with hyacinths, narcissus and ferns which were most artistically arranged. Serving at the table were Mrs. Rannie, Mrs. William B. Young, Mrs. Charles M. Cooper and Mrs. William McFadden, who were assisted by Miss Charlotte Phillips, Miss Annie Buckman and Miss Helen Willard. In an attractive corner of the spacious hall a delicious fruit lemonade was served by Mrs. J. E. T. Bowden. In the library hospitality was dispensed by Mrs. William D. Barnes. A table had been placed here filled with souvenirs of the occasion, which were heart-shaped boxes of candy, to which were attached by white ribbon the cards of Miss Clarkson and Mr. Davis. In this unique way the guests became apprised of the pleasant announcement, and much pleasurable excitement ensued for some time, during which the fair bride-to-be was showered with congratulations. Much of the pleasure of the occasion is due to Miss Jane McLeod and Miss Mary Hatter, who were most cordial in the reception of all the guests.—Jacksonville Metropolis.

The groom-to-be was raised in this city and is the son of Judge Horatio Davis.

What Happened to Kennedy.

If reports are true, J. P. Kennedy, the clever and big-hearted representative of the Armour Car Lines, was the victim of a bunco game in Jacksonville upon the occasion of his recent visit to that city.

Ordinarily Mr. Kennedy is a mighty shrewd fellow. He is one of the sort whose heart fills his entire bosom, and does not mind giving a man in hard lines a "boost," but he does object to being the victim of a bunco game.

Mr. Kennedy was seated in one of the fashionable restaurants of the Florida city. Simultaneously another man came in and occupied the same table. With that good nature and desire to be agreeable which has made him popular, Mr. Kennedy exchanged the compliments of the day and talked on matters of general interest. The waiter came and took the order, Mr. Kennedy being honored with the first opportunity.

"Make mine the same," remarked the stranger.

The stranger, notwithstanding that he chatted with his new-made friend freely, managed to finish his meal first, and retired. When Mr. Kennedy went to settle the bill he observed two checks.

"What are these for?" he asked the cashier.

"For yourself and friend, who just went out," was the reply.

"He was not my friend; I never saw the man before in my life."

"Well, he told me that you was his friend, and you must pay the bill," insisted the cashier.

Rather than have any misunderstanding over the matter Mr. Kennedy paid the bill and started out. Just as he was leaving the waiter called him and gave him a grip the stranger had forgotten, and after all this bunco game was "not so bad." Mr. Kennedy will remember the experience, however.

How Men Die.

More men die from worry than from overwork; more stuff themselves to death than die of starvation; more break their necks falling down the cellar stairs than climbing mountains.—G. H. Lorimer.

A TACTFUL GIRL.

The Way She Gave James a Lesson In Table Etiquette.

They were an engaged young couple and were having a quiet dinner while the band played alluring music. The girl was sweet and refined looking and the man big and strong. Her manners were perfect, but his left much to be desired as far as etiquette is concerned. After they had finished their meal an interested observer noticed that the big, wholesome man placed his knife and fork like the crossbones under the skull. With a blush the girl, whose own implements were placed correctly side by side, noticed the break.

"James," she said, with quick tact, looking all around among the tables, "did you ever notice that men and women eat differently? When a man finishes a meal he always places his knife and fork across each other, while a woman invariably places them side by side. It's funny, but I've often noticed it."

"Which is correct?" anxiously questioned her fiance while he gingerly toyed with the objects of comment.

"Why, placing them side by side, dear, of course," she said. "But, then, men are so busy that I suppose they have no time for such details." And then she became interested in the band leader, while the erring James slyly adjusted his knife and fork according to regulations.

"There's a woman who is going to manage her husband without letting him know it," observed a sweet old lady who had overheard. "It all depends upon the way you do it whether you can get a man to come round."—Philadelphia Record.

MEN AND THEIR HAIR.

Peculiarities That Puzzle the Barber Who Notices Things.

The secretive, taciturn barber was finally induced to talk. He remarked: "I've noticed one peculiarity about my customers that I could never quite explain—the less hair a man has the more attention he pays to it.

"There's a man who comes in here nearly every week for a hair cut, and if I shaved him clean from the back of his collar to his forehead you'd never know that I'd touched him. He's got a short, light colored fringe that plays around under the rim of his hat like the soft, fluffy fringe you see on those shawls the women wear over their shoulders, but you'd think, to hear him, that he could braid it and do it up in coils. Wants me to be particular and trim it close on the neck and around the ears. I humor him, of course. I take a handful of somebody else's hair and sprinkle it on the cloth I put on him, and then I snip the air gently for ten or fifteen minutes and make a great ado when I whisk him off.

"And when he leaves the chair and says he mustn't let it grow so long again I say it was pretty long. I hope the Lord will forgive me. Nine out of every ten of the baldheads are that way, but men who've got plenty of hair will keep away from here until they look like edges of an old fashioned hayloft. It's curious, and, as I said, I never could account for it."—Providence Journal.

Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. The Sick Man and the Lawyer.

The sick man had called his lawyer. "I wish to explain again to you," said he weakly, "about willing my property"—

The attorney held up his hand reassuringly. "There, there!" said he. "Leave that all to me."

The sick man sighed resignedly.

"I suppose I might as well," said he, turning upon his pillow; "you'll get it anyway."—Judge.

Why Johnny Ate Them.

Mrs. Billus (after the company had gone)—Johnny, you shouldn't have eaten those preserved fruits. They were not intended to be eaten. They were put on the table to fill up. Johnny Billus—Well, that's what I used 'em for, mamma.

DAMAGE WAS SLIGHT.

J. W. Shettleworth Does Not Believe Orange Trees Were Damaged.

Among the visitors to this city Saturday was W. P. Shettleworth of Evinston, one of the most extensive and most successful melon growers and truckers in the State.

In speaking of the recent cold snap, Mr. Shettleworth said that the growers of his section do not anticipate a very severe loss to vegetation and fruit, and he does not believe the orange trees have sustained any injury. He states that the headed unprotected lettuce, which was just about in condition to ship, was frozen, but the young and protected lettuce was saved. He had two acres of young lettuce just set which was unprotected, but which he covered with earth and saved. About seventy-five per cent of the matured lettuce had been marketed, hence the damage will not be so severe as was at first supposed.

Mr. Shettleworth said several planters in his section had set out young cabbage, and the damage to this crop will amount to considerable; but the crop had just been set, and this fact will give the growers a chance to put out another crop at once, making up at the same time.

"My confidence is in melons, and I propose to plant about the same acreage this year as last. Melons come on in season when there is no danger in cold, and they are a good staple crop, always commanding good prices if they are of the proper varieties," remarked Mr. Shettleworth.

If the Baby is Cutting Teeth

TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN.
1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.

THE NEWS FROM MELROSE.

Interesting Budget From That Lively Burg—Recent Deaths.

Melrose, January 28.—Mattie Price, the little daughter of Nathan Price, died on Saturday after only a few days sickness. The funeral took place on Sunday afternoon, and was attended by a large gathering of friends, Rev. Sistrunk officiating. The sympathy of the community is extended to Mr. Price and family at their hard loss, their little son dying only three months ago.

After January 24th the mail will leave Melrose at 8 a. m., instead of 7 a. m.

Misses Carrie and Emily Ward, and Miss Susie Bullen, all of Newark, N. J., are new arrivals at the Faith House.

News has been received of the death on January 20th of S. F. Rogers at New London, Conn. Mr. Rogers was a former resident of Melrose.

Two services at the Methodist church will be held on the first and third Sunday in each month, and evening service only on the second Sunday.

Rt. Rev. Bishop Weed preached a most eloquent sermon to an overflowing congregation on Sunday morning. The evening service was also attended by a large audience. While in town Bishop Weed was the guest of Mr. and Mrs. J. A. Remmel.

Wm. Pugh has taken the agency for E. Renault's bakery at Waldo, and will receive fresh bread, pies and cakes on Tuesdays and Saturdays by the boat.

There has been quite a boom in real estate here lately. Several sales have been made, with more to be closed later.

The cold wave reached Melrose on schedule time and did a lot of damage to gardens and flowers. It is too early to say how much the orange trees have been hurt. Everybody was gathering their fruit until late at night, so that very little of it was left to freeze. The average temperature has been about 18 degrees.

Saturday Night's Fire.

An alarm of fire was turned in from box 34 at 8:10 o'clock Saturday night, which summoned the department to the home of R. W. Hall, East Lassiter street.

The department responded promptly, but it was not found necessary to turn on water, the flames having been extinguished by the bucket process.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One note relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

Blood Will Tell.

This has been verified in the case of Lieutenant Knight. First, in his course and graduation in East Florida Seminary. Then in his high standing and graduation in the military school at West Point, as well as by the use which he has made of these qualifications; as evidenced by his position in the government service. And when it is considered that all this is by the grandson of an Ohio pioneer, a neighbor of my father, and son of C. R. Knight, a civil engineer recently of Gainesville, now of Wilmington, N. C., neither of whom were in positions to aid him to favor by their influence, East Florida Seminary may well be proud of him.

S. B. GIDDINGS.

Bought Chamberlain's Cough Remedy and Sent it to Friends.

Mr. F. W. J Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

Big Fire at Union, S. C.

Union, S. C., Jan. 27.—Fire originating in the work shop of the Bailey Lumber and Manufacturing company at 1:30 p. m. today destroyed its plant, stables and store of the Union Supply company, the Jeffries building and the residence of Miss Emma Brandon. The loss aggregates $38,000, about half insured. The Masonic lodge lost properties valued at $7,000 with insurance of $3,000. At one time the residence section of the city was entirely menaced, as a strong wind was blowing and there was but one fire company.

Imperfect Digestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. RECLAIMING THE EVERGLADES.

A special dispatch from Tallahassee to The Jacksonville Metropolis, dated January 27, says:

"It is announced here this morning that Governor Napoleon B. Broward has begun the endeavor to fulfill his ante-election promises regarding the reclaiming of the Everglades of Florida. Governor Broward, in his campaign speeches and in his literature, declared that the Legislature had no right to grant these lands to the railroads. He said that Congress had given these lands to the State, and that the funds derived from any part of them were to be used in draining and reclaiming them

"The Louisville and Nashville Railroad was granted 20,000 acres for every mile of road constructed in West Florida, and the lands claimed by this company form a part of the Everglades.

"The trustees of the Internal Improvement Fund, of which Governor Broward is the head, have employed lawyers to fight the matter in the courts. The attorneys secured are Ex-Governor William S. Jennings, N. P. & W. J. Bryan and Cockrell & Son, of Jacksonville, and Hon. R. W. Williams of this city.

"The amount of these lands involved reaches over 3,000,000 acres and is said by some here to be valued at about $100,000,000.

"The trustees of the Internal Improvement Fund are: Governor N. B. Broward, Comptroller A. C. Croom, State Treasurer W. V. Knott, Attorney-General W. H. Ellis and Commissioner of Agriculture McLin. Seven suits are now pending in the United States Court, and as the amount involved is so very great much interest will be manifested in the contest.

"Broward contends that with the State owning these lands, Florida will be in better fix financially than any State in the Union. Ex-Governor Jennings, who has made this a study, it is said, was engaged at the same time the other attorneys were secured."

THE TARIFF LEAGUE.

At the annual meeting of the American Protective Tariff League a resolution was adopted demanding that the tariff be let alone "until such time as it shall have been clearly demonstrated by general experience and practical knowledge that changes in the schedules will be productive of a degree of benefit to the whole country that shall outweigh the disadvantages and the injuries resulting from tariff revision." In other words until the priests of high protection are willing to admit that the condition of the country requires revision, no revision must be attempted. Demonstrating by general experience and practical knowledge the harmfulness of the present schedules will be quite impossible in the case of the fostered industries whose directors are incapable of seeing beyond the bounds of their own shops and factories and get their idea of the country's general welfare by viewing the extent of their own. As a matter of fact, it has already been proved to the satisfaction of the greater number "by general experience and practical knowledge" that the country has outgrown a series of schedules that were a misfit in the beginning, and that were made high by the specious argument and the false pretense that the tariff framers considered reciprocity, the true sister of protection. The favoritism and injustice of the Dingley schedules are becoming increasingly apparent month by month and week by week. The "stand patters" know that if they can get over the present crisis they will stand a better chance to defeat the revisionists. In another year the question of revising the tariff will not stand on its merits; it will be complicated by the question of its political expediency and dozens of Congressmen who would now vote for revision will then fear to antagonize the special interest in their districts by yielding to their sanity.

News received from Wilmington, N. C., is to the effect that Mrs. Thos. F. Ryan will donate $20,000 for the erection of four hospitals along the line of the Seaboard Air Line Railroad. A relief association, such as the Atlantic Coast Line Railroad has established, will be organized by the Seaboard. Each member of the association will pay a small amount monthly and will be entitled to free treatment at any of the hospitals. Plans will soon be drawn for these hospitals, which will be erected at Petersburg, Va.; Hamlet, N. C.; Savannah, Ga., and Tampa, Fla.

The Punta Gorda Herald sensibly remarks: "What's the use of newspapers in this quarter of Florida devoting their space to the advocacy of good roads? If we went about telling people that the sun shines for a time during every twenty-four hours, some one might move for a writ de lunatico inquirendo. And so of good roads. Everybody in this region knows the need of them, and we are going ahead building them without making any fuss about it. None of us are so crazy as to want bad roads."

It's a bad plan to trust to luck. If you would be sure of every possible success just trust to yourself.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

NEW FRENCH CABINET MEETS.

Many Important Questions Will Come Before the Body.

Paris, Jan. 28.—The Rouvier ministry held its first formal council at the Elysee palace today under the presidency of President Loubet.

Premier Rouvier submitted his declaration of policy which was approved.

Later the premier presented the declaration to parliament. It follows the policy of the late Premier Combes, the main features being an income tax, the separation of church and state workingmen's pensions and a reduction of the term of military service.

The declaration severely condemns the system of secret reports of the lives of officers of the army and navy, which brought the downfall of the Combes cabinet.

DR. C. B. STROUSE HOME FROM DENVER

Conducted Successful Union Revival in the Western City.

HUNDREDS WERE CONVERTED

At the Close of the Meetings Fourteen Ministers of the City Presented This Gifted Evangelist a Silver Loving Cup, Appropriately Engraved.

Dr. Clarence B. Strouse has returned to this city from Denver, Colorado, where for the past three weeks he has been assisting in conducting a grand union revival of all the churches of that place. Dr. Strouse had charge of the first district, comprising fifteen churches, and judging from the reports of the Denver papers, was remarkably successful, having received many compliments upon his work. On Sunday, the 22d inst., he preached to the largest congregations ever assembled in Denver on any similar occasion, hundreds being turned away from the building.

At the conclusion of the meeting Dr. Strouse, in behalf of fourteen ministers, was presented with a handsome silver loving cup, properly inscribed, as a token of appreciation of his work in the cause of Christ. The Sun has received an account of the meeting from a minister of Denver, which will appear in the issue of Tuesday.

The friends of Dr. Strouse here are glad to welcome him back in time for the opening of the Winter Bible Conference next Sunday.

LETTER FROM MR. HOLLEY.

Is Well Pleased With South Carolina Home, but Still Loves Gainesville.

Editor Sun: Your regular and greatly appreciated visits are constant reminders of a promise to write. Since arriving here we have been so unsettled, not being able to secure a house, that I have scarcely kept track of my correspondents. At last we have a pleasant location and are now happily settled and at work.

Bamberg is a thriving town of about three thousand inhabitants, backed by one of the most prosperous and fertile farming districts in the State. The town has two good schools. Recently a ten thousand-dollar graded school building was completed and now we have one of the best graded schools in the State. This is also the seat of the Carlisle Fitting School, which is under the control of the South Carolina Methodist Conference. About thirteen years ago General Bamberg of this place gave the M. E. Conference a handsome sum of money with the understanding that a Fitting School Auxiliary to Wofford College be established here. During these years this school has had a most excellent patronage, and is today officered and managed by some of our best teachers. With these educational advantages Bamberg affords as pleasant location as any town of its size in the South.

As a business center, as much if not more business is transacted here, as is in Gainesville. Ordinarily about 10,000 bales of cotton are marketed annually. This year about 12,000 will be marketed. Two thousand of these bales of cotton will be manufactured in the town by the Bamberg cotton mill. The mill has 10,400 spindles and about five hundred looms. The manufacturers are shipping a great part of their thread instead of weaving it.

The Bamberg Baptist Church is in a flourishing condition. We have a membership of about two hundred, most of whom are regular attendants upon the Sunday service and liberal supporters of the church. Since coming to the pastorate of this church I have found a body of willing workers. Many of the leading business men of the town are Baptists, and the great majority of farmers living near the town are members with us. We have a good substantial brick building which cost $7,000. It has not been furnished, but already a part of the money is in hand and the other will be forthcoming when needed. The membership of the church is well-to-do as far as this world's goods are concerned, and are ready to contribute to the support of their church.

Notwithstanding all the pleasant anticipations of this field, we still love to think of our friends in Gainesville and Florida. Not a day passes but what some friend is mentioned and commented upon. The kindness and friendship of the membership of the Baptist church in Gainesville towards us during our last stay among them will ever be remembered with the greatest pleasure. No nobler people ever lived than they

Not only do we appreciate the kindness and friendship of the church, but also of the people, regardless of church lines. In our minds are many pleasant memories of these friends. May this same generous and loving spirit ever pervade the hearts of all of Gainesville's citizens. J. B. HOLLEY.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

DEBATE WAS FINE.

Young Ladies of East Florida Seminary Entertained Many Friends.

The young lady students of East Florida Seminary, desirous of giving their friends an enjoyable evening Friday, organized a debate and entertainment. The hall was well filled, and those present enjoyed the affair immensely.

The subject of debate was, "Resolved, That the Study of Literature is of More Importance Than the Study of Science."

There were two debaters on each side, the affirmative being Misses Ethel Strobhar and Annie Dean, and the negative Misses Gertrude Westgaard and Lena Baird. After a lengthy and interesting discussion, the judges, Revs. Thos. P. Hay and F. H. Craighill and Col. C. Matheson, awarded the decision in favor of the negative.

In addition to this debate there was rendered an enjoyable program. Miss Mary Baird recited in her own clever manner "The Georgia Campmeeting." Miss Mary Streeper rendered Longfellow's "Hiawatha." An essay on "Literature" was read by Miss Elsie Smith, and an essay of Whittier by Miss Huddleston. A vocal solo, "A Message of the Violets," was sung by Miss Lovie Goode, and piano solos and duets were performed by the Misses Wimberly and Lena Baird. Altogether, the evening was passed in a most enjoyable manner, and friends of the students hope for a repetition of the function.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c, guaranteed.

Mrs. Waller's Funeral.

The funeral of Mrs. Rosa Waller, nee Crown, the sad death of whom occurred at the home of her brother, Clinton Crown, Rocky Point, Friday, will probably be held tomorrow morning at 10 o'clock from the residence.

The circumstances of this death were explained in The Sun of Saturday. Deceased was a resident of Spottsylvania Courthouse, Va., and came to attend the funeral of her mother a few days ago. Her husband has been notified of her death, but up to Saturday night no definite instructions as to the disposition of the remains had been received. He is expected today, however, when it will be decided whether the body will be shipped to her Virginia home, or whether the interment will be in Evergreen cemetery beside her beloved parents.

Robert McClellan has charge of the arrangements.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Not Humility of Spirit.

A young preacher in an uptown church was much struck one Sunday by the seeming effect his sermon was having upon one of his congregation, a shabby genteel man with white hair who throughout the entire discourse sat with head bowed in deeply reverent attitude. After the service the minister pushed his way to the man and proudly said:

"I am glad to note that my sermon affected you. Did it make you see the error of your ways?"

"Oh, it wasn't that," said the man sheepishly. "You see, my waistcoat is too short, and I had to bend over to hide my shirt."—Cleveland Leader.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

COTTON CONVENTION ADJOURNS

Harvie Jordan, of Georgia, Made Permanent Chairman.

New Orleans, Jan. 28.—With the unanimous adoption of the plan reported by its committee for a permanent organization, headed by Harvie Jordan, of Georgia, as president, and R. S. Peters, of Texas, as vice president, the Southern Interstate Cotton convention finally closed its successful three days' session.

Throughout the morning there had been a hard struggle in committee for ascendancy between the friends of Jordan and those of Peters in the permanent organization, but all differences were finally reconciled and a unanimous report was presented to the convention.

The feature of the forenoon session was the defeat of the modified Wace warehouse plan, which had been reproted by a majority of the committee. A committee of three was named to confer with the president in the matter of the enlargement of the American cotton trade.

The executive committee of the main association is to consist of 27 members, apportioned as follows:

Alabama, 3; Arkansas, 2; Florida, 1; Georgia, 3; Louisiana, 2; Mississippi, 3; North Carolina, 2; South Carolina, 2; Tennessee, 1; Texas, 5; Oklahoma, 1; Missouri, 1; Indian Territory, 1.

CRUISER MARYLAND ON TRIAL

Must Make an Average of 22 Knots an Hour for Four Hours.

Boston, Jan. 28.—The enew cruiser Maryland built for the United States government by the Newport News Shipbuilding and Dry Dock company, left here this morning for the trial course off Thatcher's Island, where her official speed trial will take place.

The test was to have been held last Wednesday, but was postponed on account of the storm. The course extends 44 miles northeast to Cape Porpoise and return. An average speed of 22 knots an hour must be maintained by the Maryland according to the contract requirements. The first five legs of the course measure 6.6 knots, the sixth leg 5 knots and the last leg 6 knots.

Several government vessels will act as stake boats. The record for cruisers of this class is 22.43 knots, made by the Pennsylvania.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

Physicians Go On Strike.

New York, Jan. 28.—Physicians of Rockdale county are on strike against a reduction by the board of supervisors for performing autopsies. This body recently in seeking to bring about economy decided that the usual fee of $25 was too much and reduced it to $10. A meeting of the county medical association at once resolved that the supervisors were exceeding their rights and no physician in the country will perform an autopsy until the board's action shall have been rescinded.

New Road for San Francisco.

San Francisco, Jan. 28.—It is now said that the usual construction work of the western road will begin in two months and that a Gould road to San Francisco promises to be an accomplished fact in the near future. The rights of way and a San Francisco terminal are said to have been finally secured without fear of interference and the necessary money, $5,000,000 already having been underwritten to be drawn upon as needed for the construction work.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 26, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. NEW RAILROAD IN CHINA.

Reported that J. P. Morgan Will Be Head of Company.

San Francisco, Jan. 28.—William M. Pinkston, one of the officials on the Hankow railroad of China, has arrived here from the Orient on his way east to purchase material for the construction of the projected line between the two cities names, of which 20 miles have already been finished.

About 750 miles of road between Canton and Hankow are to be built. The work will begin in June and is expected to be completed in three years. It was recently reported from Brussels that J. P. Morgan had purchased the King of Belgium's interest in the Canton-Hankow road and that it was contemplated to combine the French, Belgian and American interests so as eventually to cover the France-Belgian concessions for a line from Hankow to Peking, thereby making a trunk line of about 2,500 miles from Pekin to Canton. Concerning these recent reports Pinkston says:

"There is probably truth in the Brussels reports. The Canton-Hankow railroad is to be built under a concession granted to the China-American company, of which J. P. Morgan is the financier."

THE ALBATROSS.

Wonderful Flights of This Great Feathered Wanderer.

Of all the strange creatures seen by travelers not the least interesting is the wandering albatross. This great feathered wanderer, sometimes measuring seventeen feet from tip to tip of its wings, will follow a ship for days at a time. Some travelers and sailors declare that they have seen a particular bird fly for weeks at a time without resting. The albatross has always been a bird of mystery, and in ancient times the people believed that these unwearying sea birds were the companions of the Greek warrior Diomedes, who were said to have been changed into birds at the death of their chief.

Though the superstition about the killing of an albatross bringing bad luck is only a foolish one, it has served a useful purpose for many years in preventing the slaughter of these beautiful and gallant birds—the sailors' friends and the landsmen's wonder. Up in dreary Kamchatka, that outlying part of Siberia which cuts into the north Pacific, the natives, never having heard of the superstition about the albatross, catch him and eat him, but his flesh makes such poor food that, after all, the legend may be said to hold good, for he is indeed in bad luck who has to make a meal of it.—Ottawa Free Press.

Many Vessels Aground.

Mobile, Ala., Jan. 28.—The cold wave struck Mobile last night and the temperature has been falling ever since. A cold northwest wind has been blowing half a gale all day, with the result that the river has fallen between 3 and 4 feet and many vessels are aground in slips. The thermometer at this hour—7:30 p. m.—registers 26 and still falling. The weather bureau predicts a minimum of 12 during the night. All exposed truckage was killed.

NEWS TERSELY TOLD.

Fire destroyed the factory of the C. M. Maestri Furniture Manufacturing company, of New Orleans, early today. Loss estimated at $85,000; insurance, $44,000.

The Associated Press was informed today on the highest authority that President Ramsey, of the Wabash railroad system is not about to resign, as has been reported.

Colonel James B. Simpson, a prominent confederate veteran and former Texas editor and politician, died at an early hour today in Dallas, Tex., from the effects of an injury sustained in a runaway accident.

The defeat of the Hungarian government at the second election appears to have been complete. The opposition scured 171 seats out of the 318 results so far known. One hundred and eighteen of these are members of the Kossuth party.

Germany is introducing Chinese labor in Samoa, according to Cologne Gazette, which says 600 coolies have collected at Swatow, China, awaiting trans-shipment to Samoa. The government pays half the cost of the transportation of the laborers.

W. B. E. Lockwood, of Norwalk, Conn., has purchased of John E. Maddox, of Lexington, Ky., two fillies by Topgallant and Imp. Sandringham for $10,000. The Topgallant filly is out of Black Whirlwind, and the other out of Bremen Dam of Councillor.

The free traders captured another parliamentary seat in the by-election held in North Dorset yesterday. A. W. Wills (Liberal) defeated Sir Randolph Baker (Conservative) by a majority of 909. The vacancy was caused by the death of John Wingfield-Digby.

George Elverson, who was a civil engineer, who took part in the construction of the Chicago, Milwaukee and St. Paul railroad and was later its chief engineer, is dead at his home in New York. He was the author of many articles on architecture and horticulture.

Bishop Ethelbert Talbot, of the Central Pennsylvania diocese of the Protestant Episcopal church, has been re-elected president of the New York alumni of Darthmouth college at the 71st annual dinner. Bishop Talbot presided at the banquet, but delivered no formal address.

No serious damage has been done by the recent earthquakes and eruption of volcano Momotombo cables the Herald's Managua, Nicaragua, correspondent. Residents of Leon and Managua, which are the nearest points to the volcano, were considerably alarmed, however.

At Governor General Wright's request, Major General Corbin, of Manila, will send to the province of Cavite the first battalion of the Seventh infantry regiment, to assist the insular forces now fighting the Ladrones there. The situation at the front is reported improved.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Moody, of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life." At all druggists. Price 50c, guaranteed.

TWO NEGROES MUST HANG.

Supreme Court Refused to Declare the Indictments Invalid.

Atlanta, Jan. 28.—Dave Southerland and Courtney Baker, of Floyd county, will be hanged for murder within the next few days, unless they can convince the prison commission and the governor that they are not subjects for executive clemency.

Both were convicted of murder in Floyd county and sentenced to be hanged. The supreme court affirmed these sentences. The gallows had almost been erected for the two men when it was discovered that the indictments did not state that the persons killed were "human beings."

The attorneys held that therein the indictments were defective. The superior court overruled this contention and the supreme court took the same view.

Spoiled Her Beauty.

Mrs. Edward of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

Jack Sheppard as a Text.

Jack Sheppard had a great hold upon the imagination of the people of his time. The fact that 200,000 people witnessed his execution at Tyburn on Nov. 18, 1724, "upon the tree that bears twelve times a yeare" is some witness to his grim popularity. But one of the strangest tributes ever paid him was the sermon preached upon him in a London church.

"Oh, that ye were all like Jack Sheppard!" began the preacher, to the stupefaction of his congregation. He went on to draw a parallel between things of the flesh and those of the soul and to point out that the genius shown in housebreaking might have been bestowed upon "picking the locks of the heart with the nail of repentance."

Age and Work.

Sir Walter Scott began to write his celebrated novels at forty. Milton began "Paradise Lost" at fifty. When "East Lynne" appeared its author, Mrs. Henry Wood, was forty-five. Cromwell was forty-one when he began his public career. The year of the hegira was the fifty-third of Mohammed, and Marlborough reached his independent command at the same age. In spiritual examples Abraham was seventy-five when called of Charan, and Moses was eighty when he stood before Pharaoh as the champion of Israel.

The Leading Hand.

In old days there were angels who came and took men by the hand and led them away from the city of destruction. We see no white winged angels now, but yet men are led away from threatening destruction; a hand is put into theirs which leads them forth gently toward a calm and bright land, so that they look no more backward, and the hand may be a little child's.—George Eliot.

Men's Ways.

BUYING RUBIES IN BURMA.

Grips and Signs Used In Bargaining For Precious Stones.

The peculiar business methods of oriental merchants are illustrated by the manner of buying rubies in Burma, says the Jewelers' Circular-Weekly. In the examination of rubies artificial light is not used, the merchants holding that full sunlight alone can bring out the color and brilliancy of the gems. Sales must therefore take place between 9 a. m. and 3 p. m., and the sky must be clear.

The purchaser, placed near a window, has before him a large copper plate. The sellers come to him one by one, and each empties upon this plate his little bag of rubies. The purchaser proceeds to arrange them for valuation in a number of small heaps. The first division is into three grades, according to size. Each of these groups is again divided into three piles, according to color, and each of these piles is again divided into three groups, according to shape. The bright copper plate has a curious use. The sunlight reflected from it through the stone brings out with true rubies a color effect different from that with red spinels and tourmalines, which are thus easily separated.

The buyer and seller then go through a very peculiar method of bargaining by signs, or, rather, grips, in perfect silence. After agreeing upon the fairness of the classification they join their right hands, covered with a handkerchief or the flap of a garment, and by grips and pressures mutually understood among all these dealers they make, modify and accept proposals of purchase and sale.

HYPOCRITE AND VILLAIN.

The Gentle Terms a Playgoer Once Applied to Forrest.

A number of professional men were exchanging reminiscences of Edwin Forrest, the great tragedian. One of them told the story of Forrest's experience in the west, which was not only of interest in itself, but also a tribute to the art of the actor.

The play was "Virginius," and Forrest was at his best. In the scene where he slays his daughter the audience was almost stricken with awe, and not a sound was heard until the scene was concluded, after which the artist was greeted with overpowering applause. In the following act Virginius comes on the stage looking worn and distracted. The reaction has set in, he is frenzied over the loss of his daughter, and he walks up and down, crying out: "Virginia, Virginia! Where is my child?"

An old miner, who occupied a front row in the orchestra and who had been terribly wrought up by the murder scene, could stand this no longer and, arising in his place, shouted out in loud tones, freighted with intense indignation:

"Why, you old villain, you killed her in the market house in the last act. You know it well enough. You are a hypocrite as well as a villain."

The laughter and applause that greeted this unexpected turn in the performance made it necessary to ring down the curtain.—Harper's Weekly.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.
